XMAS EDITION Cockatoo Club News Letter No 3 December 2007

Thankyou

As Always we want to thank Everyone who has enjoyed our food, atmosphere and had a Great Time with us .The warmer weather and daylight saving has heralded the fun times on the Wonee. Please remember that at the Thai Peninsular Restaurant "**it's all about you**". We aim to continue to ensure that your experience with us is one that you can share with your friends and that the local community spirit remains alive. One customer informed me that in the old days the Wonee was where many families from all over Sydney would gather and share the good times including dancing. We want the sharing of good times to continue. By the way if you know of any of the Wonee's past history and want to share it with our members please let us know.

The Team Remains The Same.

Most of our team live and study in the City. They are always willing to please the customer and are thirsty to learn English and more of our customs and the Australian way of life.

Mimie, The Manager is often found making birds and turtles for the kids. She and her origami skills are proving very popular.

Spike, the home delivery driver, also backs up as the local magician on Friday and Saturday nights. Let us know if the kids or big Adults want a special session. **Rick** has joined the team and is well known to many of the locals and has been operating as the 2nd delivery person not only to your home by car, **but by boat if you are on the Wonee. He has also taken people home by boat.**

Balloon, he's the big man, is the Head Chef supported by an experienced team of chefs. He has a passion for extraordinary culinary dishes including pastries, a course which he is studying.

I, **Harry**, the owner am enjoying meeting the customers and having discussions on all aspects of business. With over 20 years in the franchising sector the latest with Michels Patisserie I am happy to discuss all forms of business growth.

Please say hello to all the team when you are next in as you will find they will go out of their way to ensure you are happy with your visit to us.
